

# 2006 INTEX Achievement Award CALL FOR NOMINATIONS

The INTEX Achievement Award has been recognizing Interior and Exterior Systems excellence in the architectural trade industry since 1995. The INTEX Award is recognized in the industry as an award of quality and sought after by sub-contractors throughout southeastern Michigan. Nominations are currently being accepted until **December 22, 2006** for projects that exude quality workmanship and demonstrate an organization's best work. Please join us in recognizing these premier projects by nominating them today. Awards will be presented in four categories this year: Carpentry, Wall & Ceiling, Exterior Insulation Finishing Systems (EIFS), & Resilient Flooring. We must have a minimum of three projects in each category for the category to be judged.

#### Goals:

- To recognize individual company's for their contributions towards excellence in the construction industry.
- To increase and heighten the awareness in the construction community and the general public of the broad scope of outstanding work our industry performs.

#### Qualifications:

- Projects must be completed between the dates of December 1, 2005 to December 31, 2006, in southeastern Michigan (Oakland, Wayne, Macomb, Genesee, Lapeer, Livingston, and Washtenaw Counties).
- Projects can be nominated by anyone in the construction industry. Remember, you can nominate your own project. The company being nominated must be a union sub-contractor.
- Project dollar amount is unlimited. Two (2) entries per company.
- **Photos are required for each project nominated-entries submitted without photos will not be considered.** Prints or digital photos are accepted. Please send digital photos to [info@actmich.org](mailto:info@actmich.org) (The photo should show the judges what they would be evaluating and sent in with the nomination form)

#### Judging:

- Projects will be judged on quality of workmanship and complexity of the job.
- The Architectural Contractors Promotion Committee will do the preliminary judging (if appropriate, projects may be moved into another category).
- A panel of independent architects will do the final judging.
- Winners will be recognized at the INTEX Award Ceremony on April 24, 2007.
